

Blender and Makehuman

How to use Mocap data from Motive in Blender with characters created in MakeHuman.

Install MakeHuman and create a character

<http://www.makehuman.org/>

Install the MHX2 addon in Makehuman and Blender

- Download the makehoman plugins
http://download.tuxfamily.org/makehuman/releases/1.1.1/makehuman_plugins_for_1.1.1.zip
- Add the 9_export_mhx2 directory to the MakeHuman plugins directory. On osX probably:
/Applications/MakeHuman.app/Contents/Resources/plugins/
- Download blender plugins
http://download.tuxfamily.org/makehuman/releases/1.1.1/blender_plugins_for_1.1.1.zip
- Add the directories makewalk, maketarget, mkeclothes and import_runtime_mhx2 directory to the blender addons folder. On osX probably: ~/Library/Application Support/Blender/2.79/scripts/addons
- In blender go go File/User Preferences..
- Select Add-ons, then in Categories select MakeHuman
- Check MakeHumna: Import-Runtime: MakeHuman Exchange 2 (.mhv2)
- Check MakeHuman: MakeWalk
- Save User Settings
