# Power

Make sure all power cables at WAK boxes are plugged in the lowest socket row. WAK 1 & 4 are in the front of the room. WAK 2 & 3 are in the back of the room (maybe behind the black curtain).

Turn on power for all computers at the switch on the steel post next to the desk.

Turn on the computers by pressing the button with the "Alien".

**PLEASE TURN OFF ALL DEVICES AND UNPLUG THE WAK CABLES AT THE END OF YOUR WORK.**
