

Power

PLEASE TURN OFF ALL POWER WHEN YOU LEAVE THE ROOM.

Make sure all power cables at WAK boxes are plugged in the lowest socket row. WAK 1 & 4 are in the front of the room. WAK 2 & 3 are in the back of the room (maybe behind the black curtain).

Turn on power for all computers at the switch on the steel post next to the desk.

Turn on the computers by pressing the button with the "Alien".

If the computer does not start, please press On/Off switch for 5 seconds to reboot the computer. If it still does not start, plug out the 3 USB-3 cables from the Optitrack system coming from the ceiling.
